Set Up & Site Preparation

- Unable to prepare your site? We offer professional bobcat excavating.
- Set up includes blocking and leveling up to one foot.
- Additional blocks if needed can be purchased from the driver.
- For the best foundation, especially for larger buildings, a level gravel pad is recommended, but not necessary.
- You are responsible for your zoning permits.
- Choose from all the popular sizes in Gambrels, Gables, Maintenance-Free Metal Sheds, and more.
- Our most popular sizes: 8 x 8, 8 x 12, 8 x 16, 10 x 10, 10 x 12, 10 x 16, 10 x 20, 12 x 12, and 12 x 16.

Options

- Various sizes of service doors and windows available.
- Treated ramps available for your shed.
- We will match your roof shingles or metal roof if you supply a sample. Some restrictions might apply.
